SUMMARY

Software Engineer with expertise in Java, Go, and Distributed Systems. Specialist in optimizing high-concurrency backend infrastructure and scalable AI solutions.

TECHNICAL SKILLS

Languages: Java (Advanced) | C++ | Python | SQL | Go
Core CS: Data Structures & Algorithms | Distributed Systems | Multithreading | DBMS
Tools & Platforms: Google Cloud Platform (GCP) | Kubernetes | Docker | Git | MySQL
Methodologies: SDLC | Agile | System Design | High-Scale Infrastructure

PROFESSIONAL EXPERIENCE

Software Engineering Intern — NVIDIA Jun 2025 – Aug 2025
Bangalore, Karnataka

- Optimized GPU-accelerated backend libraries in C++, improving data throughput by 22% for parallel processing workloads.
- Developed high-concurrency diagnostic tools to monitor kernel-level performance bottlenecks across distributed GPU clusters.
Integrated automated testing frameworks using Python to validate hardware-abstraction layers, reducing regression bugs by 30%.

Backend Development Intern — Persistent System Jan 2024 – May 2024
Nagpur, Maharashtra

- Architected scalable backend microservices in Java for a distributed enterprise healthcare platform, handling 50,000+ concurrent user requests.
- Optimized SQL query execution and database indexing, resulting in a 25% reduction in data retrieval latency for high-traffic modules.
- Collaborated on the integration of a Redis-based caching layer, improving overall system responsiveness and reducing server load by 15%.

RESEARCH & PROJECTS

Multimodal Deep Learning System for Diagnosis of Autoimmune Hepatitis Diagnosis

- Developed a diagnostic support system achieving 90%+ accuracy in classification using fused clinical and imaging data.
- Published in IRJET, Vol. 12, Issue 10, October 2025.

High-Concurrency Distributed Web Crawler

- Built a distributed crawler in Go that indexes 2M+ pages daily, leveraging goroutines for maximum CPU concurrency.
- Implemented a Bloom filter to manage the URL frontier, reducing RAM consumption by 55%.

EDUCATION

B.Tech — Computer Science & Engineering 2022 – 2026
Gurunanak Institute of Engineering and Technology, Nagpur (RTMNU) **CGPA: 7.81**

12th Standard (HSC) Mar 2022
Shahid Mishra H.S. & Jr. College, Tirora **78.67%**

10th Standard (SSC) Mar 2020
Shahid Mishra H.S. & Jr. College, Tirora **94.00%**
